FACILITY SPOTLIGHT

Abernethy Laurels is located in Newton. Amy Carter, their activity director, reports a very high rate of participation with their residents. She said they are pleasantly surprised at how many are doing the exercises. They promoted the program with staff and residents and had everyone excited to start. She attributes that to their success. Amy also said it just took a couple times leading it to get comfortable as a Bingocize leader. Her words.... "They LOVE it!" Their incentive is to give a Bingocize shirt to those who attend 8 out of 12 classes.
