### Final Three Months

It's hard to believe we are approaching our three-year anniversary with Bingocize on January 31st! Please note that we have secured an extension, so your current license will remain active through the end of April 2026.

We will continue to send curriculum reinforcements (AKA "prizes") until the end of April and have your ship dates plotted on a spreadsheet so nobody will miss a shipment.

An email has been sent to those that can order through February 2026 and another one will go out for those who have not ordered yet and for the months of February through April. Remember, if we do not hear back from you, we will not automatically order your facility's curriculum reinforcements (like we did before the winter break).

### The Future of Bingocize: What You Need to Know

As we approach the final stages of our current funded Bingocize effort, we have some exciting updates regarding equipment and our next steps together.

### Keep Your Gear!

First and foremost, **all Bingocize equipment currently at your facility is yours to keep.** There is no need to return any items to Western Carolina University. We want you to continue using these resources to benefit your participants.

### Planning for What's Next

If your facility wishes to continue the momentum beyond our grant period, you can extend your license directly through the Bingocize headquarters. Keep an eye on your inbox—we will soon email you the specific contact information needed to facilitate that transition.

### The "Grand Finale"

It's not over yet, so we're saving the goodbyes for later! We still have **three full months** of play ahead of us. Let's make this our most impactful quarter yet with more engagement, more movement, and more fun. Let's go out with a big push to make these the best months!

### Continued Support

Even after our active sessions conclude at the end of April, our team is not going anywhere. We will remain available to help you close out reports, answer final questions, and successfully wrap up this rewarding CMP grant.

**Let's make it a great finish—More fun. More exercise. More Bingocize!**

**Quarterly Reporting:** Important deadlines as we wrap up this grant quarter on January 31st, we need your help to ensure our reporting is accurate and timely.

- What we need: Please submit all attendance logs and completed FUSE surveys.
- The deadline: Please submit these no later than February 7<sup>th</sup>.
- Why it matters: We have a very tight turnaround to compile your data into narrative reports for DHHS/CMS. Early submissions are greatly appreciated!

A huge thank you to everyone who has already sent in their January attendance! Your diligence makes our reporting process much smoother.
