All Attendance Reports Needed

April is the final month of licensing through the CMP grant. We have given you all the info about how to continue your license directly through Bingocize. If you missed it: Contact Kristeen at info@bingocize.com or call 270-215-4800.

Now, as we work to finalize all reports for the grant, we need all of your outstanding attendance reports. We have several late March reports. It is vital that you submit all of your outstanding attendance and FUSE reports before May 7th. We have a very short turn around to include your reports as we work to send in our quarterly report on May 8th. So please....catch up and send those FUSE reports as well.

We appreciate the amazing work you ALL have done. After the quarterly report goes out to DHHS/CMS, we will send another newsletter so you can see the totals across the state. It's quite impressive! THANK YOU!
